Modification possible Freq AD Voir AIC 8.33 KHz et cartes VAC
Possible amdt AD Freq Refer to AIC 8.33 KHz and VAC

Espace aérien couvert / Airspace covered : SFC - FL195

ZONES DANGEREUSES / DANGEROUS AREAS

Table with columns: Zone ID (e.g., D 42 A, D 42 B), Name, Frequency, and Description of dangerous areas and procedures.

ZONES INTERDITES / PROHIBITED AREAS

Table with columns: Zone ID (e.g., P 36, P 51), Name, Frequency, and Description of prohibited areas and procedures.

ZONES REGLEMENTEES / RESTRICTED AREAS

Table with columns: Zone ID (e.g., R 45 C, R 45 D), Name, Frequency, and Description of regulated areas and procedures.

R 87 EPINAL MIRECOURT

Table with columns: Zone ID, Name, Frequency, and Description of regulated areas and procedures.

R 163 A GROSTENQUIN-POLYGONE

Table with columns: Zone ID, Name, Frequency, and Description of regulated areas and procedures.

R 322 COLMAR NORD

Table with columns: Zone ID, Name, Frequency, and Description of regulated areas and procedures.

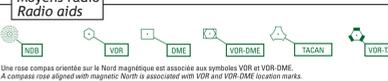

R 323 COLMAR SUD

Table with columns: Zone ID, Name, Frequency, and Description of regulated areas and procedures.

Esaces aeriens / Airspace

Diagram showing airspace classification, frequency allocation, and various symbols for controlled airspace, prohibited zones, and flight information.

Itinéraires de transit VFR de jour et AWY Day VFR transit routes and AWY

Moyens radio / Radio aids

Aérodromes / Aerodromes

Diagram of aerodrome symbols and codes, including ICAO codes, runway directions, and communication frequencies.

Obstacles / Obstacles

Diagram of obstacle symbols, including height, MSL, and identification codes.

Avertissement fréquences SIV / Warning SIV frequencies

Diagram of SIV frequency warning symbols and procedures.

Règles de survol / Flight rules

Diagram of flight rules, including minimum altitudes, clearance procedures, and communication protocols.

Topographie / Topography

Diagram of topographic symbols, including terrain, roads, and infrastructure.

Classification des espaces aériens / Classification of airspace

Large diagram showing the classification of airspace across France, Germany, and Switzerland, with various symbols and frequency allocations.

Projections conformes de Lambert 93 / Conform projections of Lambert 93

Technical text regarding map projections and data sources.

Vertical sidebar containing various logos, contact information, and additional notices.
